SUMMARY

Detail-oriented Electrical and Control Engineer with a BSc Eng from the University of Cape Town. Proven experience in managing site operations and enhancing educational outcomes through innovative afterschool programs. Specialized in developing protection schemes for industrial motors and optimizing refrigeration systems, utilizing advanced problem-solving techniques to minimize operational delays.

EDUCATION

BSc Eng in Electrical Engineering

Jan '23 - Jan '27

University of Cape Town

Cape Town

EXPERIENCE

Site manager

Mar '24 - Present

Regenerative Neighbourhoods Development Agency

Cape Town, Western Cape, South Africa

- **Managed site operations at Regenerative Neighbourhoods Development Agency** through coordinated planning, ensuring smooth communication and efficient time management.
- **Supported an after-school mathematics and physics program** by maintaining a safe learning environment, prioritizing tutor well-being and learner productivity.

Vacation Student

Dec '25 - Jan '26

Sasol Ltd.

Secunda, Mpumalanga, South Africa

- **Redesigned the refrigeration loop's compressor** start-up sequence using Honeywell Control Builder, minimizing activation delays and preventing costly operational downtime
- **Programmed and optimized compressor start-up logic** via Honeywell Control Builder, resolving system bottlenecks to accelerate refrigeration activation.

Vacation Student

Dec '24 - Jan '25

Sasol Ltd.

Secunda, Mpumalanga, South Africa

- Engineered protection schemes for industrial motors, focusing on voltage dips, three-phase faults, and short circuit currents, confirming the adequacy of existing protection mechanisms to safeguard equipment

Mathematics Tutor

Feb '23 - Dec '24

Regenerative Neighbourhoods Development Agency

Cape Town, Western Cape, South Africa

ACHIEVEMENTS

- Awarded a scholarship from the Dell Young Leaders program in recognition of ambition, resilience, and leadership potential.

SKILLS

- **Technical:** Embedded Systems, PCB Design, OOP
- **Industry Skills:** None provided
- **Soft Skills:** Leadership, Communication
